

Safety configurations of Sensing Edges and Control Units

PRSU/4 Control Unit

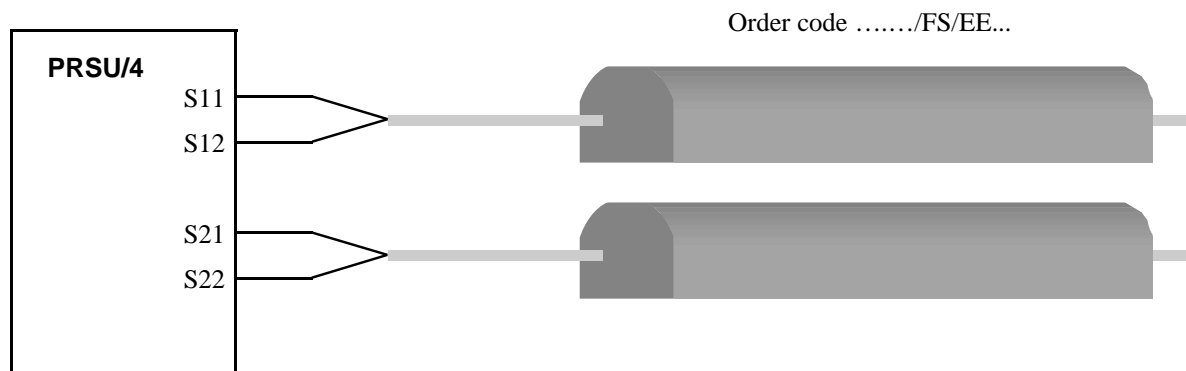

Single sensing edge, 4-wire configuration, cables from each end

Single sensing edge, 4-wire configuration, cables from one end

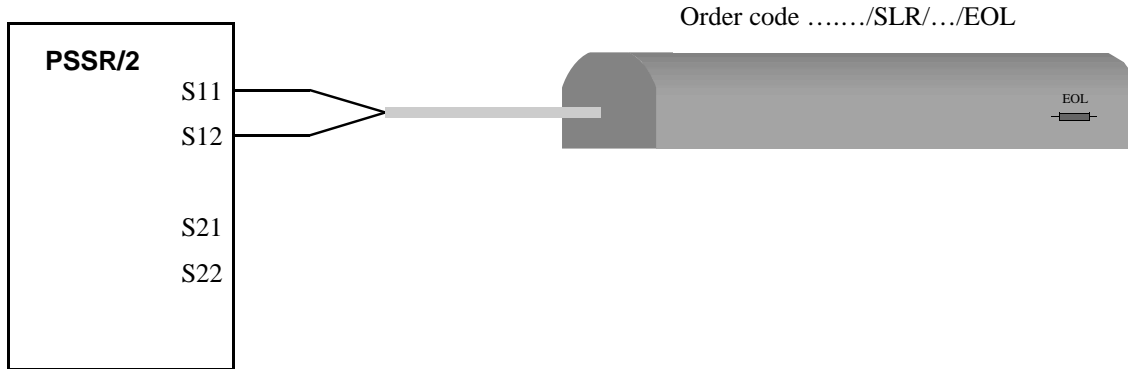

Multiple sensing edges, 4-wire configuration, cables from each end, or linked

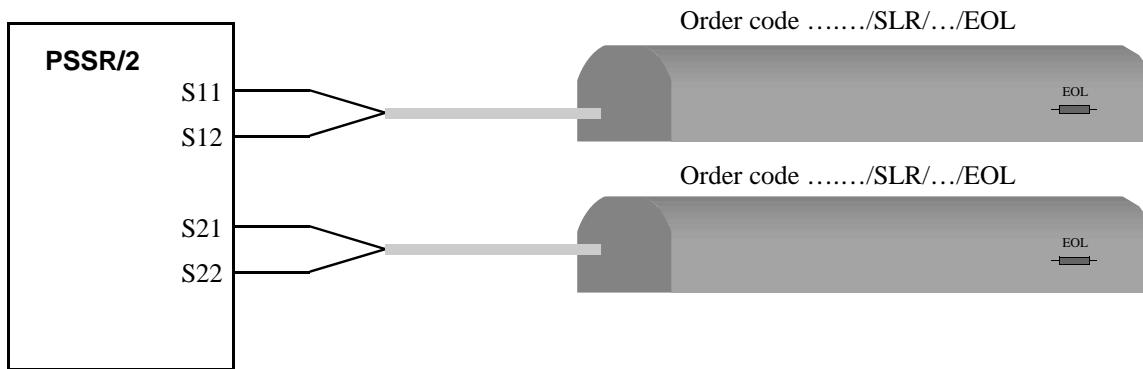

GB 07/11

PSSR/2 Control Unit

Single sensing edge, 2-wire configuration, integral 6k8 resistor

Two sensing edges, 2-wire configuration, integral 6k8 resistors

Multiple sensing edges, 2-wire and 4-wire configurations, integral 6k8 at end-of-line
