

End-cap Mounting Bracket—Type EB

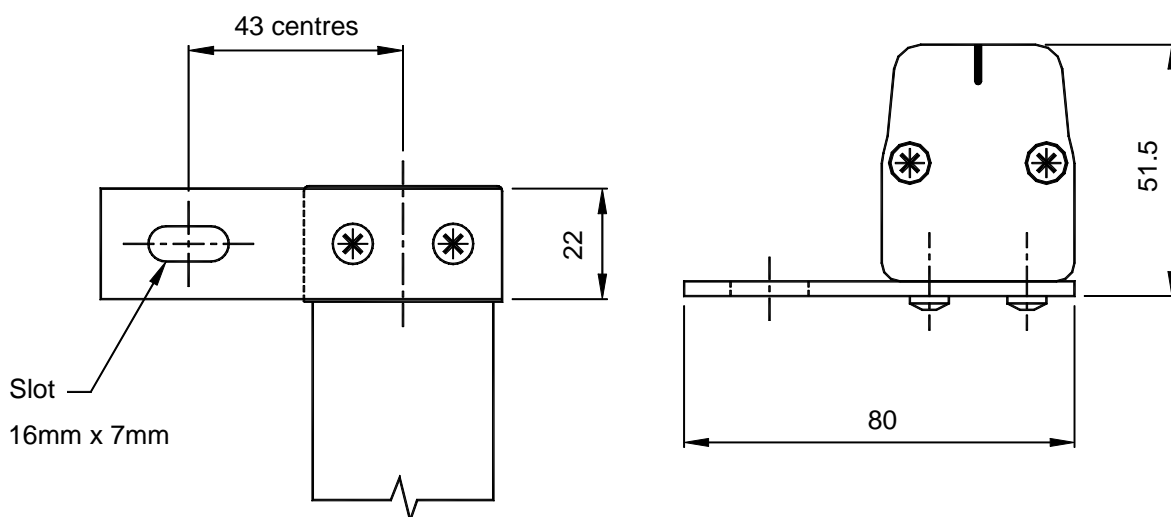

Features

- Slimline mounting
- Standard headed fasteners
- Easy installation

The Endcap Bracket is available for the GS120 and GS140 Series of Guardscan light curtains.

Designed to be used in situations where space is limited, the slimline nature of the Endcap Bracket allows the light curtain to be easily mounted in a confined space such as on the external edge of a fixed structure or adjacent to a floor post.

To request this option when ordering your light curtain, please specify 'EB' in your order code.
